

Information for applicants to the multicultural faculty

Applications must be received duly, i.e. during the period:

April 1st till May 30th, for the autumn term and

for the spring term, *October 25th till December 1st*.

Applications should either be filled out online on www.menntagatt.is or by appointment with the head master/head of faculty. The head master then reviews the applications and approves of these or rejects them.

School fees must be paid duly, according to the date on the invoice at the internet bank (beginning of December/beginning of July), otherwise the student's application may be invalidated. School fees are nonrefundable.

An invoice will appear at the students' or parents' (under 18) internet bank, but students can also pay the school fees at Landsbankinn by informing the name of the school and the student's kennitala/or that of his parent(s), if the student is under 18.

School fees are paid for one term each time. The autumn terms starts around August 20th and ends in December. The spring term starts around January 7th and ends in May.

If a student does not show up in school or explain his absence for the first week of school, the school assumes that he is not going to attend school at all.

Students must attend at least 80% of all lessons; otherwise they risk being expelled from the school.

According to Icelandic law young students have priority over older students.

Unfortunately, due to an increase in applications, we are not able to admit all applicants. Students who pay the school fees in due time have priority over those who pay them too late.
